WHY SOLAR FROM SUDARSHAN SAUR?

Own Plant of 250 MW Capacity

TopCon Double Glass Solar Panels Manufactured with World-Class Ultra-Modern Technology

Best Output for several years due to minimum degradation and replacement of the plastic back sheet by glass.

Long-lasting, specially designed structure to withstand heavy winds and cyclones.

Heavy-duty, anti-corrosive Galvanized steel Sections

Not welded but bolted structure design

Tie-up With Reputed and Reliable Manufacturers for Inverter and Other Parts.

Proper Installation by Trained Technicians

- * Vast network of 350+ well-trained & Experienced dealers throughout India.
- * Assured life time service support from your local dealer, even in remote areas.
- * Dedicated customer care department for prompt after-sales service.

Top-Quality Complete System, All Under One Roof

When buying something worth lakhs, should we focus on quality or compromise for small cost savings and go with assemblers sourcing parts from different places?

NOW,
THE DECISION
IS YOURS!

Sudarshan Saur
At Your Service, Always!
